ORDER:-

In the reference 3rd read above, the Institute of Health Systems has submitted a proposal to conduct a evaluation study on “To assess doctor availability in Primary Health Centers and provide inputs for Human Resource Planning for Health”.

2. The proposal reveals that Reforms in Human Resource practices are the major focus of the going AP Health Sector Reform Programme and the National Rural Health Mission to improve health service delivery in the State. Primary health care being the cornerstone of our health services, ensuring availability of doctors at PHCs is a critical concern. It would be appropriate to build upon to access doctor availability in entire state to generate more definitive inputs for framing of human resource policy. Through the proposal study it will be able to make an assessment of doctor availability at PHCs to the entire states. The assessments will also indicate whether the on going reforms have had an impact in improving doctor availability at PHCs in recent years. The proposed new study on a larger sample will generate more definitive inputs on a larger set of parameters, for human resource policy. The objectives of the study are as follows:-

1. The assess operational availability of doctors in PHCs of all districts of Andhra Pradesh.
2. To assess operational availability of doctors in PHCs ITDAs of AP
3. To assess factors such as residencial distance, private practice, age of doctor, health posting of spouse, age of children etc. on doctor availability in PHCs and their policy implications.

3. After careful examination of the proposal, the Government have decided to undertake a detailed study on “conduct of study to assess doctor availability in Primary Health Centers and provide inputs for

Human Resource Planning for Health” with an estimated amount of Rs. 30,02,850 and to entrust the study to carry out by **The Institute of Health System (IHS), Hyderabad.**
